How Can You Help?

For individuals

Get Involved in Your Own Way

One-time Donations

You can choose how much you'd like to give, every contribution counts! Donations can be made in IDR to our Indonesian bank account or in EUR to our Dutch bank account. Your contribution can support Kejora's educational programs, activities, learning materials, and the operational costs of the foundation. We will decide where the funds are most needed at the time and can provide you with an update on how your contribution has been used. Please see our bank account details on the last page.

Gifting Supplies

Want to give something practical? You can donate items such as books, laptops, sports equipment, or craft supplies directly to Kejora. We can also collect donations in the Netherlands and arrange shipment to Indonesia. However, due to the high shipping costs, we are unable to send large or bulky items to Indonesia. Before donating any materials, please contact us first so we can discuss what is currently needed and the best way to deliver it.

Offer Your Expertise

At Kejora Karimunjawa, you can turn your skills and passions into meaningful impact. Join our classes to share your expertise with the teachers, or stay for a month to volunteer on specific projects, from advising teachers, to gardening or marketing and fundraising support. Contact us to discuss the possibilities.

Choose the Level of Impact

Your contribution will support Kejora's educational programs and help cover the foundation's operational costs. We decide how your contribution can have the greatest impact. In return, your company receives exposure and recognition through Kejora channels. The benefits you receive depend on the partnership package you choose. Each partnership package can be started at any time and is valid for one year from the start date. If you are happy with the partnership, it can be renewed for another year.

Support One of Our Projects Close to Your Heart

€ 1.000,- per year

Kejora Connect Corner

Everyone in the Karimunjawa community should have the opportunity to learn English. That is why we organize every month a Kejora Connect Corner, where the locals can practice English with our KLS teachers and foreigner. We are looking for a donor to help cover the costs of these evenings, including teacher fees, drinks & snacks, and learning materials.

SHEnergy

Parents play an equally important role in a child's development alongside the education they receive at school. That is why we created SHEnergy, a monthly gathering where Kejora parents come together to learn, connect and support their children's development through workshops, sports, gardening, creative activities and shared learning. We are looking for a donor to help cover the costs of these monthly gatherings.

€ 2.000,- per year

€ 3.000,- per year

Sahabat Kejora Fund

All children in Karimunjawa deserve access to quality learning resources, not just those enrolled at Kejora. That is why we run Sahabat Kejora, a partnership program through which Kejora supports other local schools across the island based on their specific needs. This can include books, learning materials, educational resources and teaching support. We are looking for a donor to help cover these costs, enabling Kejora to create better learning opportunities and access to quality educational resources for more children across Karimunjawa.

€ 3.500,- per year

Healthy Snacks & Lunch

Children need nutritious food to grow, stay active, concentrate in the classroom and have the energy to learn and explore. That is why we run the Healthy Snack Program, providing regular nutritious snacks for the students of SPS Preschool and SD Alam Kejora throughout the school year. We are looking for a donor to help cover the costs of these healthy snacks to cover the costs of the ingredients and preparation.

Extra Curricular activities

Every child should have the chance to discover their talents and interests beyond the classroom. That is why we offer an Extracurricular Program for activities like music, dance, sports, and crafts. By offering a variety of activities, children can explore new interests, discover what they enjoy, and gain knowledge and skills in areas they may not otherwise have the opportunity to experience. We are looking for a donor to help cover the costs of these activities, including instructor fees and equipment.

€ 4.500,- per year

€ 5.500,- per year

Field Trips

Learning shouldn't be limited to the four walls of a classroom. That is why we organize regular Field Trips, giving preschool and primary school students hands-on learning experiences in nature, such as mangrove planting, beach clean-ups and turtle releases. These activities help children connect classroom learning with the world around them while building awareness and appreciation for nature. We are looking for a partner to help cover the costs of these Field Trips.

Each project adoption can be started at any time and is valid for one year from the start date. If you would like to continue your support, the adoption can be renewed for another year. Please contact us to learn more about the details of each project and what we can offer you in return.

Strategic & Financial partner

Olijslager is a Dutch company specializing in paint, coatings, and construction materials. Through the Olijslager Impact Fund, the company actively supports initiatives that promote education and equal opportunities, reflecting its strong commitment to community and social responsibility.
